

MRK HOTELS

Update 2 — A Cleaner Housekeeping Menu

v1.1.0 · Edition 1.0 · 15 August 2026

Understanding the Update · 2 — Housekeeping: A Cleaner, Simpler Menu

For the management and staff of MRK Hotels — 5 September 2026

1. What was the problem?

When your housekeeping staff logged in, they saw **the same full menu meant for the front desk**. It included areas they never use — the restaurant, the bar, fun and games — while the things housekeepers actually rely on were buried and hard to find.

What that meant for you:

- Housekeepers had to scroll past unrelated menus every single day.
- The room-status view (which room is clean, dirty, occupied) and staff messages were not easy to reach.
- More clicks, more confusion, more training time for new staff.

2. What did we change?

Housekeeping staff now get their **own simple menu**, built only from what their job needs:

1. **Dashboard** — the day at a glance
2. **Housekeeping** — the cleaning task board
3. **Laundry** — laundry orders
4. **Issue Reports** — problems and maintenance
5. **Communication**
6. **Messages** — messages between staff
7. **Room Status** — the live look at every room's state

The restaurant/bar, fun-and-games and profile menus were removed from the housekeeping view entirely.

3. Why it matters to you

- **Faster daily work.** The two things housekeepers reach for most — Messages and Room Status — are both in one clearly-labelled section.
- **Less confusion.** New staff learn one short menu, not the whole system.
- **Fewer mistakes.** Staff are not tempted into screens that have nothing to do with their job.

4. What you will see in the app

- A housekeeper logging in now sees the short menu above — that's all.
- Every other role (front desk, manager, accountant, etc.) keeps its own full menu, unchanged.

5. Summary

Question	Answer
Who sees the new menu?	Only housekeeping staff
What is on it?	Dashboard, Housekeeping, Laundry, Issue Reports, Communication (Messages + Room Status)
What was removed?	Restaurant & Bar, Fun Games, and Profile links for housekeepers
Does anything break?	No — every other role is unchanged
