

MRK SOFTWARE REVIEW 2

1. Neno "Serial printer connected " linasoma serial printer coonected ata ata kabla ya kubonyeza test print
 2. Baada ya kubonyeza test print inasoma "saving" infinitely
-

3. Device name not appearing while the user has inserted VIA the USB cable.

Akibonyeza accounting anaona features zote amabazo Accountant anaona

1. BACK OFFICE

Huku ndo setting zote kama

Printer

Staff management kuwa seti password

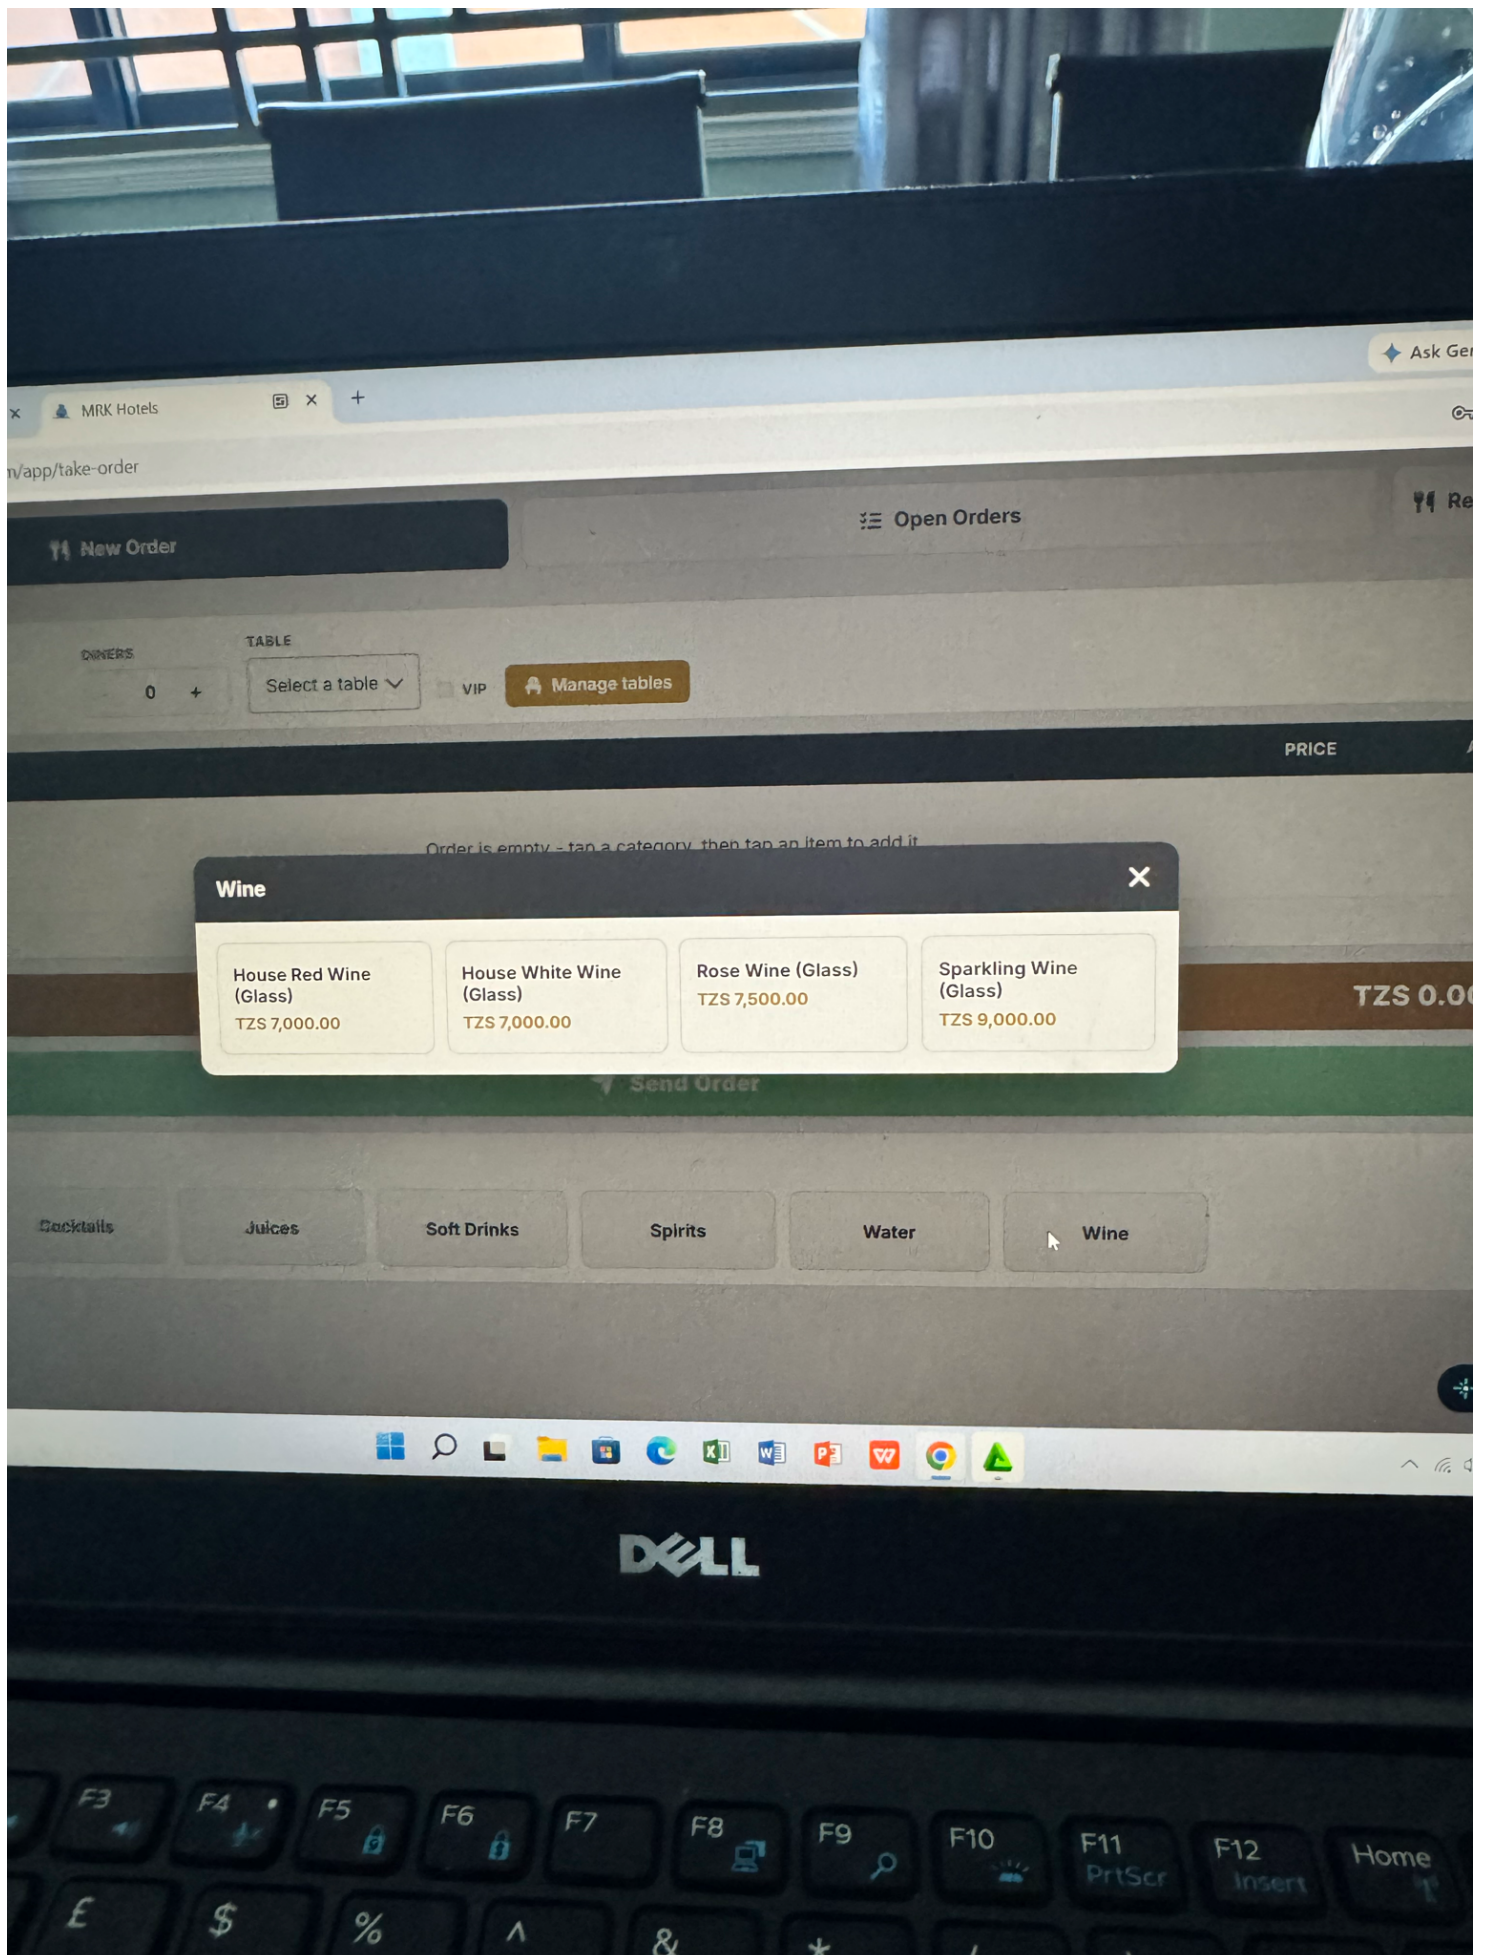

Reports

Creating Tables.

TAKE ORDER PAGE

Hii for the most part iko vizuri

Ila hapa

Ukibonyeza cateogory inaziba page nzima kuwa back ground what if mtu ka bonyeza "House Red

wine" alaf ka badilisha maamuzi anataka ku cancel itabidi abonyeze x hapo ili aende akbonyeza x kwny hiyo product anayotaka ku cancel alaf arudi tena kwenda kweny categories kuanza kutafuta item nyingine

What if mhudumu hajui item flan ipo kwenye. category flan ataifataje in a convenient way??

Suggestions bring back universal search button where waiter anaweza search for category or item .

Fanya the right hand side panel iwe inaonesha order zilizo selectiwa kama kwnnye mfumo wa ezee .

Waiter akisha chagua meza no waiter can occupy that table kwnye mfumo mpaka settlement ifanyoke.

Waiter inabidi eande kwny DINE IN ambako ataona list ya table occupied na table table ambayo iko empty .

All occupied tables zionesha jina la waiter aliye occupy.

Mteja akitoa order ya chakula na vinywaji

Ana select chakula on restaurant side and drinks on the bar side but on the same table

WAITER ACCOUNT

Waiter - akiingiq kwny account yake baada ya kuingiza password . Angaa kuona. ORDER SUMMARY ya vitu vyake

Akibonyeza TOGGLE MENU button

Ataona

DINE IN

Huku ndo ambako attachagua meza ambazo ziko occupied na waiters wengine attachagua ambayo iko empty hawez chagua meza ambayo iko occupied by another waiter then ataselect items za kuagiza .

TAKE AWAY

Hii ni kwa order ambazo ni tablesless

ROOM ORDERS

Order za Room

ORDER SUMMARY

MESSAGES

STATUS

ISSUE REPORTS

F & B orders

Kwny section ya "ACTIONS" nikiboneza "START"

Half screen inaji load to white screen for a single command. Reference will be in the attcahed video
