

MRK SYSTEM REVIEW

LOGIN SYSTEM

Section ya 4 digit password inafaa kuwa simpler therefore naomba utoe mtu kuandika username kwny 4 digit code.

Asa sijui inatofautina vp hotel zikiwa nyingi.

Na apa kwny password feature ya email kila mda mtu akiwa ana login itakua ngumu preferbly lets switch to registration no au username ambazo admin ndo ana acess ya kugenerate

STORE MANAGER (inventory@mrkhotels.tests)

1. Store manager hapaswi kuwa na feature ya point of sale na sale history.
 2. Apo kwny inventory page kuna sehemu ya Categories List ya categories should start na Capital Letter
 3. Food and Beverage categaory should be separate.
 4. Units apo intakiwa iwe drop down menu ili kuwe ya synchronization ya items. Ikibaki ya kujaza inaleta alot of room for errors.
 5. Suggestions - kuwe na feature ya kuregister SI units ili zitokee kwenye drop down menu ukibonyeza SI units.
 6. Supplier pia inafaa iwe dropdown like the suggestion above.

DELL

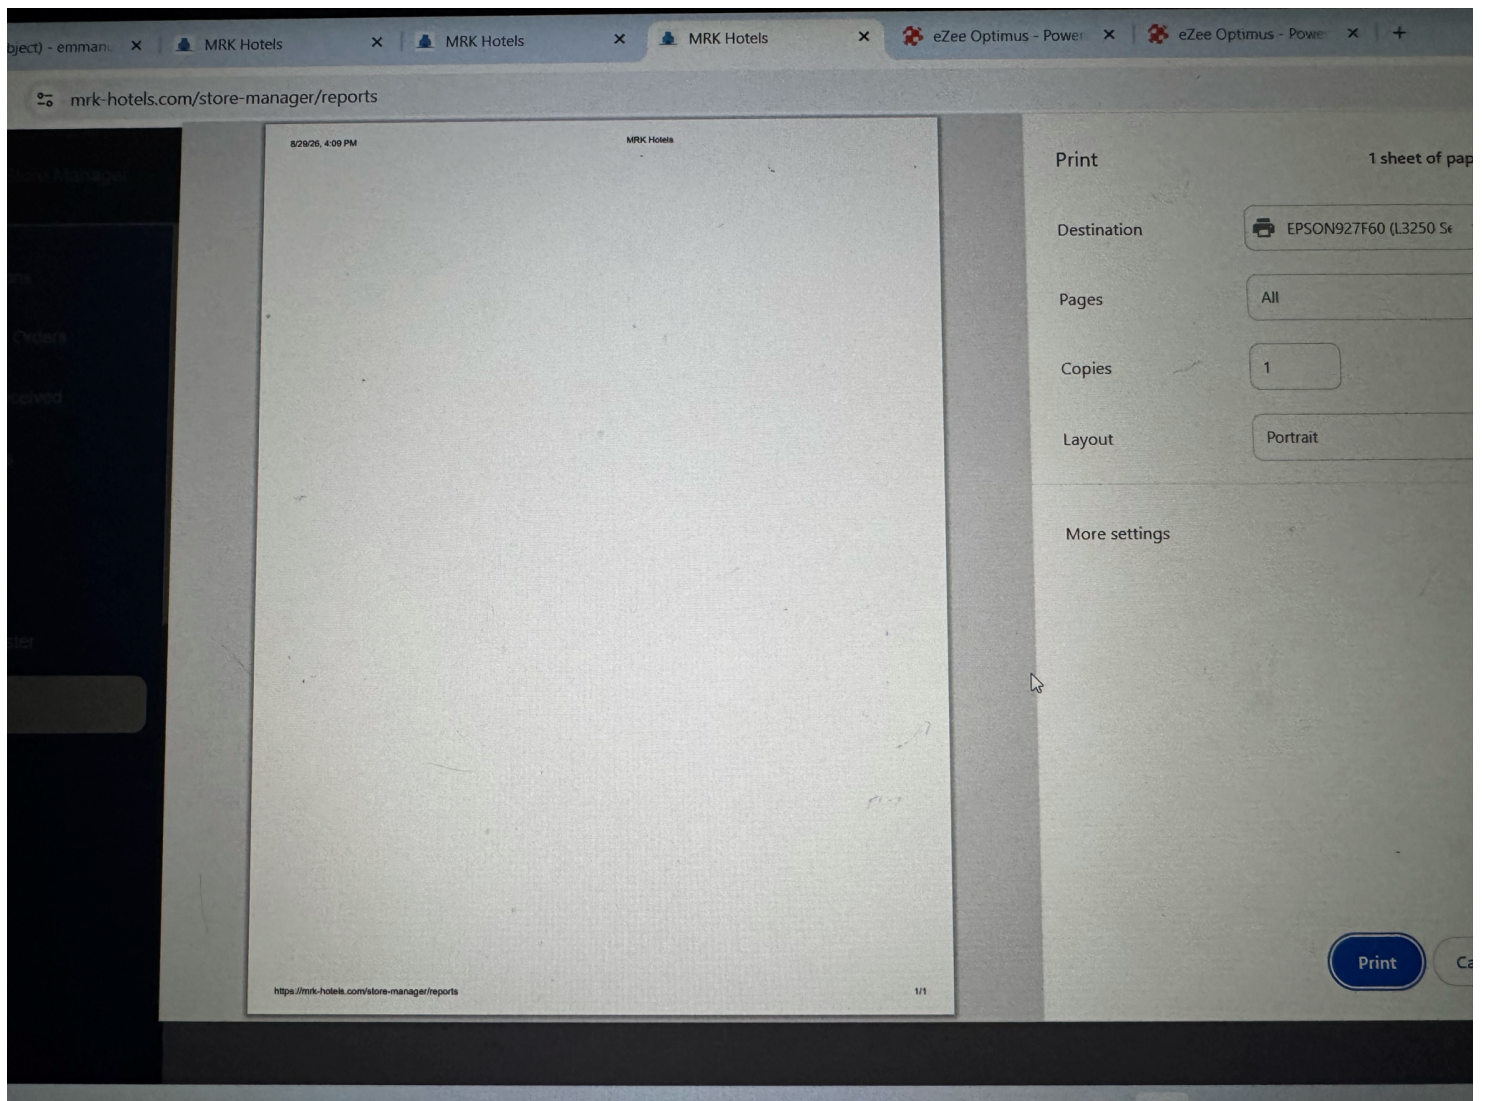

7. Sales history - Hii feature haipaswi kuwa hapa kwa mtu wa store

8. Upande wa inventory nimebonyeza adjuat stock every field imejazwa ila bado inagoma kusave
-

1. Store manager akibonyeza menu anafaa kuona
2. Dashboard
3. Purchase Orders
4. GRN
5. EXPENSES
6. CASH REGISTER
7. REPORTS
8. DEPARTMENT INDENTS
9. INVENTORY
10. BACK OFFICE

Ndani ya REPORTS nikitaka kuprint kwny preview before printing inaonekana hivi

STORE MANAGER AKIBONYEZA REPORTS anafaa kuona hizi options with time period anazotaka hizi report ziwe available.

Stock Ledger au ndo stock movements

Stock transfer summary

Stock movement detail

Physical Stock taking

Closing Stock

Goods returns report

Ndani ya INVENTORY ndo store manager ataona

Low Stock

Stock movements

Stock transfer

Physical stock

Stock adjustment

Ukienda Ezee kula utaende switch to back utaona

BACK OFFICE ndo kunakua na

SUPPLIERS
