

MRK HOTELS

RECEPTION PANEL CHANGES GUIDE

For Non-Technical Staff

1. DASHBOARD - TOP TOOLBAR

A. Profile (Name Only)

BEFORE: Name + Role | **AFTER:** Name only

- **Location:** Top-right corner of the Dashboard
- **What changed:** Profile chip shows only your name and initials - no job title/role shown

→ [Dashboard > Top Bar \(Right Side\) > Profile Chip](#)

B. Business Date (Replaces "TODAY")

BEFORE: "TODAY" | **AFTER:** "BUSINESS DATE"

- **Location:** Top toolbar, left side
- **Shows:** Hotel's current business date (not your device calendar date)
- **Behavior:** Moves forward automatically ONLY when previous business day had NO activity (no reservations, no checked-in guests). If there is activity, it stays until Night Audit completes.

→ [Dashboard > Top Toolbar \(Left\) > BUSINESS DATE Button](#)

C. Search Bar With Results Dropdown

BEFORE: Search not working properly | **AFTER:** Working with clickable results

- **Location:** Top toolbar, middle-right (magnifying glass)
- **How to use:** Type at least 2 characters (Guest Name, Room Number, or Booking Reference)
- **Result:** Dropdown appears showing matching stays and rooms
- **Action:** Click any result to jump directly to that stay/room

→ [Dashboard > Top Toolbar > Search Box > Type 2+ Characters > Results Dropdown](#)

2. NEW BOOKING TAB

How to open: Click [+ New Booking](#) on the Dashboard

A. Room Dropdown Filters By Room Type

BEFORE: Showed all room types | **AFTER:** Shows only rooms of the same room type

- **Location:** New Booking Form > Room dropdown
- **Example:** If you select a Suite, only available Suites appear - not Standard/Double rooms

→ [Dashboard > + New Booking > Room Field > Dropdown \(Same Room Type Only\)](#)

B. City Field Is Searchable

BEFORE: Hard to select | **AFTER:** Type-to-search

- **Location:** New Booking Form > City field
- **How to use:** Click dropdown and type a few letters - list filters automatically

→ [Dashboard > + New Booking > City Field > Type To Search](#)

C. Auto Total Badge Removed

BEFORE: Extra "AUTO TOTAL" badge outside box | **AFTER:** Clean, inside form only

- **Location:** New Booking Form > Totals section
- **What changed:** Removed the floating Auto Total badge outside the CSS box

→ [Dashboard > + New Booking > Totals Section \(Clean Layout\)](#)

D. Walk In vs Reservation Buttons (SPLIT BUTTONS)

BEFORE: One "CREATE BOOKING" button | **AFTER:** Split into WALK IN | RESERVATION

- **Current BUSINESS DATE:** Shows **TWO** buttons - **WALK IN** (Green) and **RESERVATION**
 - **WALK IN:** Creates booking AND checks guest in immediately (Room turns GREEN/ Occupied)
 - **RESERVATION:** Creates reservation only (Room stays RED/Reserved, wait for Check-In)
- **FUTURE DATES:** Shows **ONLY RESERVATION** button (No Walk-In)

→ [Dashboard > + New Booking > Bottom Buttons \(Split Based On Business Date\)](#)

3. GROUP BOOKINGS (Multi-Room Bookings)

Location: New Booking Form > Booking Type Dropdown

- **What it is:** Create multiple rooms under one group/party with a shared booking reference
- **How to use:** Set Booking Type to **Group**, select 2+ rooms (Room Selections), set Primary Room, fill guest details, Save
- **On Reservation List:** Group bookings show a **Group Badge** showing number of rooms in the party
- **Cancellation:** Cancel Modal lets you cancel the Whole Group OR Selected Rooms only

→ [Dashboard](#) > [+ New Booking](#) > [Booking Type = Group](#) > [Select 2+ Rooms](#) > [Set Primary Room](#) > [Save](#)

4. FOLIO OPERATIONS - Correct Related Folio Balance

- **Location:** Folio View > Settle to Creditors (when viewing a Related/Split Folio)
- **What changed:** When viewing a related folio (from Split/Cut), the settlement amount shown is the **Related Folio's Balance** - NOT the main/current folio balance

→ [Dashboard](#) > [Open Stay \(With Split/Cut Folios\)](#) > [View Related Folio](#) > [Folio Operations](#) > [Settle To Creditors](#)

5. MAINTENANCE ROOMS - Cannot Be Booked

- **What changed:** Rooms marked as **Maintenance** are excluded from booking completely
- **Check:** Maintenance rooms do NOT appear in the Room Dropdown when creating a new booking

→ [Dashboard](#) > [+ New Booking](#) > [Room Dropdown \(Maintenance Rooms Excluded\)](#)

6. INVOICE - Guest & Staff Signatures

- **Location:** Printed Invoice (Print Invoice Breakdown)
- **What added:** Signature spaces at the bottom of the printed invoice
- **Lines shown:** 1) **Guest signature & date** | 2) **Authorized signature & stamp**

→ [Dashboard](#) > [Open Stay](#) > [Print](#) > [Print Invoice Breakdown](#) > [Bottom Of Page \(Signature Lines\)](#)

7. CHECK OUT - Extra Safety Checks

A. All Related Folios Must Be Settled

- If stay has Split/Cut related folios, **ALL** related folio balances must be fully settled before checkout
- System blocks checkout if any related folio has outstanding balance (with clear message)

B. Cannot Check Out With Future Departure Date

- **BLOCKED:** If Check Out Date is **AFTER** current **BUSINESS DATE**
- **ALLOWED:** Overdue stays (departure date already passed)
- **Rule:** Checkout date must match/be on or before Business Date

→ [Dashboard](#) > [Open Checked-In Stay](#) > [Check Out \(Validates Both Rules\)](#)

8. VOID RESERVATION

A. Management Only

- Only visible to: **Manager, Hotel Admin, Owner, or Superadmin**
- **Receptionists do NOT see** the "Void Reservation" option

→ [Dashboard](#) > [Open Reservation](#) > [Three Dots \(...\) Menu](#) > [Void Reservation \(If Authorized\)](#)

B. Reason Required (No Guest Name)

- Now asks for **"Reason for voiding"** (text box)
- **REQUIRED:** Must type a reason to confirm (No longer asks for guest name)

C. Voided Reservations Go To Reports (Removed From Dashboard)

- After voiding successfully, reservation is **COMPLETELY REMOVED** from Dashboard (Not left red)
- Find voided records at: **Reports > Report Browser > Void Reservations**
- Report shows: Booking Ref, Guest, Room, Dates, Amounts, **Voided On, Voided By, Reason**

→ [Reports](#) > [Report Browser](#) > [Void Reservations](#)

9. SEQUENCING - Automatic Sequential References

- **Reservations:** Automatic sequential Booking Reference (BK-...)
- **Night Audit → Manual Transactions (Insert Transaction):** Sequential ADJ-... reference
- **Folio Entries & Refunds:** Sequential FLX-... references
- **Where to see:** Reservation Details, Night Audit → Transactions, Folio View, Void Reservations Report

→ [Reservation Details](#) / [Night Audit](#) → [Transactions](#) / [Folio View](#) / [Void Reservations Report](#)
